Bohemians in America. A pleasant letter from Mr. Charles G. Leland to the Philadelphia Press cortain the following curious item, which will in terest the advocates of Woman's Rights The writer is describing a company of Bohemian emigrants whom he encountered at Madison, Wis .:

Among these emigrants there were none

who could speak a word of English, but there were among them two intelligent girls who had been in Vienna and Prague and who spoke German fluently. They seemed to be the managers and connductors of the band-one, the youngest and best looking, acting as captain. Few per sons are aware of the extent of Bohemian emigration to this country. Most persons suppose them to be "a sort of Germans, and confound them with that race; and have been confidently assured that their language is "only a German patois," while in fact English and German seem almost the same language when compared to it. The Chechs with whom we conversed Ill-Treatment of Insane Per- complained that their life in Bohemia was a very hard one, worn down by exactions Apropos of the discussion that has arisen and intolerable customs; and 1 could not concerning the mismanagement of insane but congratulate them when I reflected asylums, and the alleged confinement of that two years of well applied industry in sane people in them, the New York Ob- the fertile and cheap land of Minnesota server adds the following conclusive edito- would in most cases render them comfort able and happy to a degree which they had

> CUTTING UP CORN.-The question beone. The quality of the fodder, the ease of husking, the ripening of the ears, are all elements that enter into the estimate, and following statements, from Allen's Ameri-

The stalks of corn ought never to be cut and for this obvious reason: the sap which nourishes the grain is drawn from the the leaf, where a change is effected, analogous to what takes place in the blood when brought to the surface of the lungs in the animal system; but with this peculiar difference, however, that while the blood ther account than is above furnished. Oth- it that she should not be unjustly confined, gives out carbon and absorbs oxygen, plants, under the influence of light and beat, give out oxygen and absorb carbon. This change prepares the sap for conden sation and conversion into the grain. But the leaves which thus digest the food for the grain are above it, and it is while pas sing downward that the change of sap into grain principally takes place. If the stalks be out above the ear, nourishment is at an end. It may then become firm and dry, but it will not increase in quantity, while if cut near the root, it not only oppropria ates the sap already in the plant, but it al

When war was upon us and the exigen cies of the times demanded greenbacks Copperheads bawled "Gold! Gold! Let us have hard money!" Now when good sense demands a return to specie payment as soon as practicable they cry out, "Greenbacks! Greenbacks! Issue more greenbacks!" Anything but the right thing is

the motto of the Democratic party.

If the Northern partisans of Seymour succeed in establishing his lovally, great care will be taken not to let it be known in the Soutth, where an unrecanted loval More men are drowned in the bowl than record would rain him. Blair takes good care to apologize for his part in the war, and to make amends by proposing to fight With patience and time the mulberry on the other side. Seymour has nothing to apologize for.

The Atlanta (Ga.) Constitution is strong for the Democratic ticket, In announcing the death of Thaddeus Stevens great wrong. Is todated a construction it commences in this wise: "Mourn yo Speak little, speak truth ; spend little, rads, for me rejoice! Weep ye dirty dogs for we smile!" How Christian, how chivalrous how manly, but over all how Southern and how Democratic.

Winstrine Guils .- Show me a girl who has the hardihood to whistle in these days when everything ratural, even the very He who blackens others, does not whiten hair of the head, is at a discount and Til show you a girl that can be depended upon, one who will not fail you in time of need, and will give a true hearty grasp, the A little pamphlet published lately by cordial hand, shake the warm, genuine propos of the recent conferring of knight- ger, look toil in the face without shrinking, ablishment of telegraph, "not only in the with those who weep, as well as whistle; estion of priority in point of time. cracking a shelk who deals in substance,
